## 1. Purpose and scope

This policy aims to:

Set guidelines and rules on the use of school's social media channels

Establish clear expectations for the way members of the school community engage with each other online

Support the school's policies on data protection, online safety and safeguarding

Staff and parents/carers are required to read, understand and comply with this social media policy. Students will have an age-appropriate Acceptable Use Agreement, which will reflect the appropriate content of this policy.

This policy applies to the use of social media for both business and personal purposes, whether during school/working hours or otherwise.

It applies regardless of whether the social media is accessed using:

- School IT facilities and equipment
- Equipment belonging to members of staff and pupils
- Any other IT/Internet-enabled equipment

All members of the school should bear in mind that information they share through social networking applications, even if they are on private spaces, may be subject to copyright, safeguarding and data protection legislation. Everyone must also operate in line with the school's equalities, harassment, child protection, safer recruitment, and online safety and ICT acceptable use policies.

### 1.1 Definition of social media

For the purposes of this document, 'social media' is considered to include all technologies that allow individuals to communicate and share information (including photos and video). This includes group messaging services such as WhatsApp.

## 2. Use of official school social media

The school's official social media channels are as follows:

- X (formerly Twitter): @stgregs\_primary
- Instagram: @stgregs\_primary

These accounts are managed by the Headteacher, Deputy Headteacher and Senior Leaders. Class teachers and sports leaders are also authorised to post to our page. Staff members who have not been authorised by the Headteacher to manage, or post to, the account, must not access, or attempt to access, these accounts.

If you have suggestions for something you'd like to appear on our school social media channel(s), please speak to the Headteacher.

Please note that much of the above content will be in addition to information shared in our school newsletters and on our school website, [www.stgregoryprimary.co.uk](http://www.stgregoryprimary.co.uk).

### 2.3 Moderation

Staff responsible for our social media accounts will delete as soon as reasonably possible:

- Abusive, racist, sexist, homophobic or inflammatory comments
- Comments we consider to be spam
- Personal information, such as telephone numbers, address details, etc.
- Posts that advertise commercial activity or ask for donations
- Posts or comments that may bring the reputation of individuals or the school into disrepute

Every reasonable effort will be taken to politely address concerns or behaviour of individual users, either informally or by following the school's complaints policy. If users are repeatedly abusive or inappropriate, they will be blocked.

Staff responsible for our social media accounts will also ensure that all content shared on social media platforms is age appropriate for the school community.

### 2.4 Following other social media users

The school:

- Will only 'like' Instagram posts or X (formerly Twitter) posts with a non-commercial interest – being 'liked' by us doesn't imply endorsement of any kind
- May follow other users on Instagram and X (formerly Twitter) – being followed by us doesn't imply endorsement of any kind

## 3. Personal use of social media by staff

The school expects all staff (including governors and volunteers) to consider the safety of pupils and the risks (reputational and financial) to the school when using social media channels, including when doing so in a personal capacity. Staff are also responsible for checking and maintaining appropriate privacy and security settings of their personal social media accounts.

Staff members will report any safeguarding issues they become aware of through the necessary safeguarding reporting and referral channels, as appropriate.

When using social media, staff **must not**:

- Use personal accounts to conduct school business
- Accept 'friend requests' from, or communicate with, pupils past or present
- Complain about the school, individual pupils, colleagues or parents/carers
- Reference or share information about individual pupils, colleagues or parents/carers
- Post images of pupils

- Express personal views or opinions that could be interpreted as those of the school
- Link their social media profile to their work email account
- Use personal social media during timetabled teaching time, except in a professional capacity and on the appropriate hardware and infrastructure

Any concerns regarding a member of staff's personal use of social media will be dealt with in line with the staff behaviour policy and code of conduct.

Any communication received from current pupils (unless they are family members) on any personal social media accounts will be reported to the designated safeguarding lead (DSL) or member of the senior leadership team immediately.

Staff should not also have contact via personal accounts with past pupils (if ongoing communication is required, this should be using via official school channels).

#### 4. Personal use of social media by pupils

The school recognises that almost all social media platforms have age restrictions beyond that of primary aged children. This means social media is deemed inappropriate for primary-aged children. In almost all cases, pupils should not have social media accounts; pupils should also not have social media accounts set up by others or adults on their behalf: this poses risk to online safety.

Where pupils do use social media, the school encourages pupils to

- Be respectful to members of staff, and the school, at all times
- Be respectful to other pupils and parents/carers
- Direct any complaints or concerns through the school's official channels, so they can be dealt with in line with the school's complaints procedure

Pupils **should not** use social media to:

- Complain about individual members of staff
- Complain about the school
- Make inappropriate comments about members of staff, other pupils or parents/carers
- Post images of other pupils without their permission

Any concerns about a pupil's social media use will be dealt with in line with the school's behaviour policy.

#### 5. Personal use of social media by parents/carers

The school expects parents/carers to help us model safe, responsible and appropriate social media use for our pupils.

When communicating with the school via official communication channels, or using private/independent channels to talk about the school, parents and carers should:

- Be respectful towards, and about, members of staff and the school at all times
- Be respectful of, and about, other parents/carers and other pupils and children

Direct any complaints or concerns through the school's official channels, so they can be dealt with in line with the school's complaints procedure

Parents/carers **should not** use social media to:

- Complain about individual members of staff, other parents/carers or pupils
- Complain about the school
- Make inappropriate comments about members of staff, other parents/carers or pupils

- Draw attention to, or discuss, behaviour incidents
- Post images of children other than their own

## 5.1 WhatsApp groups

We recognise that our parents come together digitally in WhatsApp groups for communication and organisation purposes.

Where communication is related to school, parents and carers should:

- Be respectful towards, and about, members of staff and the school at all times
- Be respectful of, and about, other parents/carers and other pupils and children
- Direct any complaints or concerns through the school's official channels, so they can be dealt with in line with the school's complaints procedure

Parents/carers **should not** use WhatsApp groups to:

- Complain about individual members of staff, other parents/carers or pupils
- Complain about the school
- Make inappropriate comments about members of staff, other parents/carers or pupils
- Draw attention to, or discuss, behaviour incidents
- Post images of children other than their own

We expect parents/carers to follow the above social media guidelines when using class WhatsApp groups.

## 6. Training and awareness

Staff have regular training opportunities to develop their own knowledge, understanding and practice. Training includes:

- Staff induction
- Staff meeting updates
- Staff briefing updates
- Enhanced training for senior and safeguarding leaders
- Enhanced training for computing subject leaders

## 7. Monitoring and review

We reserve the right to monitor, intercept and review, without further notice, staff activities using our IT resources and communications systems, including but not limited to social media postings and activities, for legitimate business purposes. This includes ascertaining and demonstrating that expected standards are being met by those using the systems, and for the detection and investigation of unauthorised use of the systems (including where this is necessary to prevent or detect crime).

The headteacher will monitor the implementation of this policy, including making sure that it is updated to reflect the needs and circumstances of the school. This policy will be reviewed every year.
